Minden Rotary Carnival 2000

The carnival came to Minden last Wednesday and Thursday, with games and rides for the young and young at heart. The colourful sights of the rides and food booths, sounds of the music blaring and smells of cooking onions and French fries from the Minden Rotary Carnival brought the Minden Community Centre to life for a couple of days. For more photos, see page 19.

AH&M should not have been on that list MOE District Manager says

by Matthew Sittler

The municipality of Anson, Hindon and Minden was listed among those whose water supply is not being adequately tested for bacteriological and chemical content. The list, published in the Toronto Star, was compiled by the Ontario Ministry of the Environment.

Public concern about the state of the water resulted in a statement Monday, July 31, from the District Manager of the Peterborough District Ministry of the Environment announcing Anson, Hindon and Minden should not have been on that list.

Time hung heavy in the air all day Monday as Haliburton County Warden/Anson, Hindon and Minden Reeve Jeanne Anthon and Deputy-Reeve Jerry Rome waited to hear the specific reason for the listing. "We are still trying to find out where the report comes from and what it's trying to imply," said Anthon Monday afternoon. "We're certainly very comfortable that we hired OCWA (Ontario Clean Water Agency, pronounced AQUA), the Min-

istry of the Environment's Agency to manage the water plant and we have had no bad reports from them."

"We did get a work order back in June," said Deputy-Reeve Jerry Rome. "But it had nothing to do with testing the water. It just said we needed to replace one of our pieces of equipment, which we've done."

These days, reports of potential water problems, whether real or perceived, can, understandably, worry a municipality's politicians. As it turned out, Rome and Anthon didn't have to wait long to hear some positive news.

"It was yesterday morning (Monday, July 31) when Clayton Cameron called me and said people were wondering why Minden was on the list under this category," explained Bruce Hancock, District Manager of the Peterborough District Ministry of the Environment. "I went back and looked at the list, then I looked at the compliance-inspection report. I then called Clayton back and said, 'You're absolutely right, you shouldn't be on

Youngsters donate \$10,000

Tara Harrison, who will be five years old in November and her brother Benjamin, who will celebrate his third birthday in September, presented a cheque for \$10,000 in memory of their great aunt Claire Dobie (Harrison) to the Haliburton Highlands Health Services Foundation. They are the children of Michael Harrison and Kimberley Wilkinson, who have cottage on Lake Muskabi.

"We consider ourselves full-time residents. We spend a lot of time here," Michael Harrison said. "One of my concerns is to make sure that there is a hospital that has all the facilities necessary to look after me."

IN MEMORY: Tara and Benjamin present a cheque for 10,000 to the Haliburton Highlands Health Services Foundation. Accepting the cheque is Foundation Manager Dale Walker.

Let's put it over the top!

Your contribution will help with health services throughout the area.

Bill Obee appointed councillor of Anson, Hindon and Minden

A special meeting of Anson, Hindon and Minden council was held Thursday afternoon to fill the vacant seat left with the death of councillor Sinc Nesbitt.

AH&M council appointed William (Bill) Obee to council for the remainder of this term of office.

During her introduction of Obee, AH&M Reeve Jeanne Anthon said, "Bill comes to this office with a variety of experiences that enable him to contribute to council and to actively fulfil his role."

Obee is a civil engineer, registered with the Association of Professional Engineers of Ontario. He served as County Engineer for the County of Haliburton for 16 years, so he is very familiar with the infrastructure and policies of municipal government. He is currently the Manager of Technical Services and Standards with the Ontario Good Roads Association.

"He works daily with municipalities, helping them with advice on legislation and education for

municipal road employees," Anthon stated. "He retains his connections locally by serving as Chair and Citizen Representative of the Anson, Hindon and Minden Roads Committee."

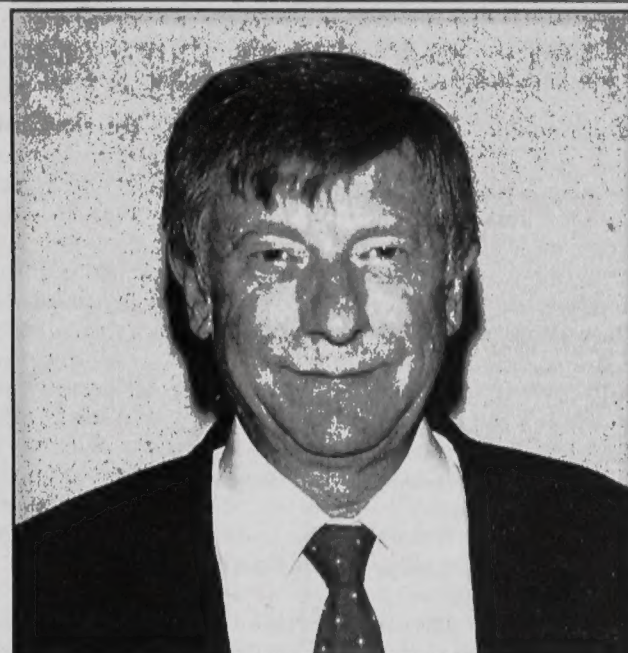

Obee is an active member of the community. He has been a member of the Minden Rotary Club since 1976. He has served as treasurer and president and is currently the Vice-Chair of the District Youth Exchange Committee. He also serves on the Minden Food Bank Committee.

Married for 31 years, Obee and his wife Penny have three children and three grandsons.

Anthon said Obee had "big shoes to fill," taking over the vacancy left by Sinc Nesbitt. But she expressed confidence in Obee's ability.

"I think Sinc would have been pleased with council's decision," she said.

Obee was welcomed by members of council.

Bill Obee took his oath of office last week at the Minden council chambers. He will serve as councillor of AH&M for the remainder of this term.

Stanhope, Sherborne et al Transition Board update

Following are highlights from the Stanhope, Sherborne Transition Board meeting, held on August 3 in Dorset:

by Matthew Sittler

Recreation Committee

Stanhope Councillor Tom Gardner presented the tentatively-proposed organizational structure for what will become the new Recreation Committee and Board of Management at Thursday's Transition Board meeting held in Dorset. Under that plan, the separate Stanhope, Dorset and Oxtongue Recreation Committees would be responsible for establishing and promoting any recreational programs within the municipality.

A Board of Management would be responsible for all facilities relating to recreation, parks, libraries, tower, public landings, portages and trails. Within this proposed organizational structure, all maintenance requirements would be co-ordinated through the Chief Administrative Officer (CAO) and/or the Public Works Director. "We tried to set this up so that the Recreation Director has lots of input into the committees," Gardner said. "She will be attending the meetings of these Recreation Committees, working back and forth together. Ideally, the Recreation Director doesn't tell the committees what to do, and the committees don't tell the Recreation Director what to do."

Gardner recommended that a Board of Management be established to take care of all the buildings within the new township. "We (Stanhope) currently have one that takes care of all of our buildings. This would take all of that responsibility away from the Recreation Committees so they would just be responsible for the programs and their promotion." Recreation staff would answer to the Rec Director, said Gardner.

"This Rec Director, of course, will sit in on these committees and make recommendations. The final budget, ideally, would come back to the Rec Director, who would then present it to council," he said. Sherborne Reeve Don Shortreed wondered if the Public Works Director looks after the maintenance items like septic systems, electricity and water works. "This is an important thing," he said. "I think it's important that all the buildings be inventoried and recorded - somebody has to have a handle on this."

Gardner responded by explaining the way it is handled in Stanhope. "I can only speak from the way we do it," he said. "The Board of Management takes care of budget, and working out the actual maintenance of the buildings. If something needs to be done, we have guys within maintenance, certainly they will take care of it, they will have to know every building inside and out, pretty well."

The Board of Management in Stanhope includes volunteers from the community and two members of Council. These members meet once a month and go through the budget and any problems that arise, get quotes and come up with recommendations. One Transition Board member wasn't convinced the Recreation Committee Organizational Structure would run as smoothly as planned. "I don't understand how the work's going to flow," said Sherborne Councillor Garry Sanderson. "We've got a lot of buildings that need maintenance checks. What's the procedure? If something needs to be fixed, is there a paper trail that's going to take two weeks until something is looked after? Or is somebody going to have the responsibility of fixing it, period?"

"I mean, Gerald Bain (CAO) doesn't need to be bothered by broken dishwashers," Sanderson continued. "Somebody else should have the authority to say 'Fix this dishwasher, it's broken.'"

Tom Gardner reiterated the proposed plan clearly.

"The Rec Director sits on the committee. She doesn't run the committee, she's not the chairman of the committee, the committee doesn't answer to the Rec Director," he stated. "Together they work to come up with ideas and solutions to problems. This goes into the minutes and comes forward for approval from council, is that not the way it works now? The Fire Committee doesn't answer to the Fire Chief, or the Airport Committee doesn't answer to the Airport Manager. They work together. The committees answer to Council and the Director answers to the CAO."

Sanderson, wouldn't back down. "Let's draw from the past and improve upon it," he said. "The committees should answer to the Rec Director."

In the end, it was decided by the Transition Board that input from the newly-appointed Recreation Director, Melissa Alfano, must be sought before any final decisions on this matter can be put to rest.

Transition Board Protocol Document

The new Chief Administrative Officer (CAO) for the new municipality of Sherborne, Stanhope et al is current Stanhope Clerk-Treasurer Gerald Bain.

The Deputy-Treasurer and Tax Collector position will be filled by Sheila Griffin.

Jim Moore will become the new Chief Building Officer.

Melissa Alfano has been named as the Recreation Director.

Fire Committee

Sherborne Councillor Gary Sanderson presented recommendations to the Transition Board from the Fire Committee.

"The key points are this," he began, "One, we currently have three firehalls. They must be named. Two,

Minden ice artist Mike Muli competes in Chicago

by Jerry Grozelle

Minden ice sculptor Mike Muli recently took part in a competition at the McCormick Centre in Chicago sponsored by the National Restaurant Association.

Over the course of five days, Muli carved three pieces of ice art. He was one of only two ice artists from Canada who were invited to compete.

This was a true international competition, with sculptors from as far as Peru and Italy taking part.

It was a huge centre, right in the downtown area of Chicago," Muli said. "This was all new to me."

The Minden native says he did "very well" at the competition. Of the three sculptures he carved, one earned second place and one took third. There were certain criteria that had to be met for each competition, including time and size restrictions.

His work titled Circus-Circus, which featured two seals balancing balls on their noses, earned him second place honours in one competition. Another, of a totem pole, titled "Canadian Heritage," took third in another event. The third, titled "Canadian Moose," although it didn't place in the top three, was an impressive piece, carved from four tons of ice.

Adding to the difficulty of competing against other artists was the fact that the competitions were indoors, so Muli was also competing against the clock to finish before his subject melted.

"We were allowed to use power tools as well as hand tools," he said.

The 12-foot high totem pole was carved within a two-hour time limit.

Along with the prestige of two top three placings, the competition reaped other benefits for the Minden artist.

"I got a lot of leads," he said. "I've

been invited to competitions in Japan, Finland and Italy."

Muli's business is called Custom Ice Art. It is located on Highway 35, just north of Minden, adjacent to Minden Subaru, his father's business.

Where does one sell art objects carved of ice? Muli said about 70 per cent of the work he does is for weddings. The rest is commissioned for corporate functions and other special occasions. He carved one specially for the Haliburton-Minden Ducks Unlimited Dinner and Auction last October.

His works of art have been shipped

as far as Buffalo, NY and Montreal. On a more local scale, they have been commissioned by people and corporations in Toronto, Barrie, Midland and Huntsville, to name a few. The sculptures are packed in dry ice, wrapped in bubble packs and crated for shipping. The system, he said, works very well.

Although many people struggle throughout their lives without finding their true calling, Muli said he has known for a long time that the art world was his forté. "I was lucky," he said. "I found my talent when I was young."

Mike Muli, right, was one of only two Canadians invited to compete in Chicago. He is seen here with the other Canadian artist.

Muli's totem pole carving, titled 'Canadian Heritage' earned second place at the Chicago competition, sponsored by the National Restaurant Association.

**Ask
the
Expert**

Do bird feeders help birds in the summer?

Feeding in summer can be beneficial. Raising a family is a strenuous business; some parent birds make several hundred flights to the nest with food each day. Feeder food is not usually suitable for nestlings, but the feeder is a valuable "fast-food joint"

when the parent birds can snatch a nourishing snack for themselves while collecting food for their young.

"To the best of my knowledge, we're doing everything we're supposed to," Cameron

(from page one)

there."

"The only deficiency found at the Minden water treatment plant was the fact that they are required to annually calibrate the flow meter, which measures the amount of water being treated before it is distributed to the community, Hancock continued. "This requirement, which is under the certificate of approval for the plant, was completed within a matter of days as soon as attention was drawn to it. Quite honestly, that is a non-compliance issue to the certificate of approval. It is simply a calibration of a meter that measures the amount of water that goes through that system. It's purposeful information for insuring the plant doesn't go over its capacity and is operating properly."

Hancock said the danger comes when, if all of a sudden, the meter readings go way up, there may then be a water main break sub-surface somewhere in town.

"So, there is a reason for having good records of the flows and the amount of water you're putting through the plant, but in my opinion, that didn't jeopardize the water quality that's being distributed to the people of Minden," he said.

As for a reason the municipality showed up on the government list, no one is entirely sure.

"I don't have an explanation why the Minden plant got put on that list where it did," continued Hancock. "I brought it to the attention of those people in our Ministry that put together the list and I've asked them to make the appropriate corrections."

Weekly water-sample testing for Anson Hindon and Minden, samples which would ring any real water alarms, are sent to a private lab for analysis. "There

should be a sample for bacteriological examination taken from your water distribution system at least once a week," said Hancock. The Ontario Water Objectives which sets out a minimum sampling protocol, says that small water treatment plants (which serve populations of up to 100,000 people) must take a minimum number of bacteriological samples from its distribution system. This required amount is eight plus one samples per thousand of population per month. "So, you need nine samples taken per month. But the minimum frequency of sampling is weekly," Hancock said. "So obviously, if you wanted to do just the minimum sampling, you would take two samples of the distribution system each week so, at the end of the four weeks, you've taken your eight samples, but you've also taken samples weekly."

According to Anson Hindon and Minden Public Works Superintendent Clayton Cameron, the number of samples taken each week from the water treatment facility here in Minden is one. Cameron says that according to the 1993 certificate of approval, one sample is all that is required. "This is from 1993 when we put the new well in," said Cameron. "They give you your certificate of approval and that's usually good until you change your system," he continued. "There would have to be an amendment to the C of A to change that."

Cameron says he has not been notified of any change to the certificate of approval's specifications.

"Not that we're aware of," he said. "They would advise us if they changed that."

As for the taking of at least two samples weekly, Cameron says this discrepancy may be the result of confusion in Peterborough at the MOE. "I don't have

the whole C of A in front of me," he said. "There may be something in there that says they have to be taken differently. Raw water has to be taken weekly, treated water has to be taken weekly so maybe it's different things he's (Hancock) adding up to get nine, I don't know."

To clarify the situation, Cameron said the Minden facility takes a series of four bacteriological samples per week, which are sent to the lab once a week for testing. Other water quality samples are also taken in addition to the required bacteriological samples.

It is not clear whether the samples should be submitted for testing weekly or twice a week.

"To the best of my knowledge, we're doing everything we're supposed to do," Cameron said.

Congratulations

It's about time!

Is Minden's water tested often enough?

There is an old Credence Clearwater Revival song, written by John C. Fogerty, titled 'Bootleg' that proclaims:

*"Take you a glass of water
Make it against the law.
See how good the water tastes
When you can't have any at all."*

Water, in some countries, is considered a very precious commodity. Supplies are limited and, by North American standards, far inferior in quality to what we are accustomed.

It is easy to take for granted something so basic to all forms of life as water. Until we have to do without water, even for a short time, do we really appreciate what we have. Ask the people in Minden whose municipal water supply be-

came turbid with sediment when a heavy load was placed on the water main in their neighbourhood.

Water is something we should never take for granted. Nobody knows that better than the municipal officials who must answer questions regarding the quality of the municipal water supply.

We are assured the water that flows through the Minden system is safe. There is no reason to believe it is not, regardless of what may be printed in a big city daily newspaper. If there is any uncertainty about the quality of the water being supplied to households and businesses in the community, it is in the best interest of the municipal politicians and the people they

were elected to serve, to initiate what ever process is necessary to address those concerns. If that means demanding that the keepers of the well, in Minden's case the Ontario Clean Water Agency, increase the frequency of water sampling and testing within the system, then so be it.

Maybe an official statement from OCWA, clearly explaining the procedures followed at the local plant and how those procedures relate to guidelines issued by the province, would help to address any concerns.

A municipal drinking water supply is more than a convenience for the end users, it is a huge responsibility for the suppliers.

ig

County's new 'image' unrealistic

To whom it may concern:

It is with great interest that I've been following the Chamber's quest to develop a new masthead marketing logo and slogan for Haliburton County. What I've just read in the most recent issues of the Haliburton County Echo and Minden Times confirms my worst fears about the process which has been used to generate the proposed unrealistic logo and slogan for Haliburton.

As I've followed the process to achieve this new marketing image, I was led to believe the end result would ultimately reflect input from all area's of Haliburton's business and recreational communities. If this occurred, I did have a measure of confidence a new logo and slogan would reflect the broad based appeal of Haliburton County. I'm hard pressed to believe this after reviewing, "A Natural Work of Art" slogan and it's associated image. It would be hard to deny this package has been developed for and is skewed to only two groups - that's it. While the arts and naturalist

community in the Highlands are part of our local culture, they are most certainly not the only part or the most important part of the appeal of our county.

Let me review the realities of Haliburton County and it's main attractions. First and foremost, people come here to play. They play golf, they fish, they hunt, they snowmobile, they ski, they ride ATV's, they boat, they water ski and wake board, they camp and do a hundred other things year round - none of which are reflected in this slogan or logo.

As a well traveled journalist who has spoken to many people over the years about Haliburton County as well as participated for almost two decades in the promotion of winter tourism here, I am astounded you could develop a marketing image which does not address Haliburton's tremendous equity in winter tourism. Through hard work and millions of marketing dollars spent educating winter tourists outside Haliburton, we've become internation-

ally known for winter tourism. Too bad we continue to receive millions of dollars of economic impact and jobs generated

Wrong message

(from page 6)

from unsophisticated snowmobilers.

I believe your proposed logo and slogan is not at all representative of our most recognized and strongest attributes. However, I'm sure the groups which it so strongly reflects as "being Haliburton" must be tremendously gratified by this recognition. Too bad the vast majority of people who will be exposed to this slogan and logo will completely miss the point. What will actually happen is what has happened "naturally" over the years. Many, many more people will continue to come to Haliburton to do all of the above activities I've mentioned. Here's a crazy idea: Why not address this reality in the slogan and logo?

Let's be realistic about what we are here in Haliburton County. Stand up and develop an image building slogan which reflects the attractions which are currently and will continue to be the true back bone of our tourist based economy.

If this alternative is unpalatable, I would heartily recommend the more broad based slogan on your list of potentials "Haliburton, For All Seasons, For all Reasons".

In the future, when spending tax dollars on a single, foundational, long term initiative, please ensure the scope of any such projects truly solicits input from all areas of concern in the Highlands.

I wish you good luck on your continuing efforts.

Sincerely,
Mark Lester

Arthur Black

If you go down to the woods today

I don't want to raise your hopes unduly, but it looks like the Canadian environmental movement may have discovered a brand new offensive tactic to ram its conservation message home. Humour.

High time, too. Environmentalists have had a rough ride trying to get our attention over the years. They tried shaming us - Brigitte Bardot crouching on an ice floe, up to her eyeliner in cute-as-a-bug seal pups. The public knew a PR guilt trip when they saw one and they didn't buy it. Next, they tried scaring us with doomsday statistics — the rainforests disappearing at a rate of X acres per nanosecond; the ozone hole widening faster than Stockwell Day's bald spot. But that was a numbers game which politicians and corporate flacks play better. The public didn't know whom to believe. So they yawned.

Protest marches and sit-ins don't get results. Consumer boycotts are seldom effective. Placards, slogans, fund-raisers and satirical folk songs only preach to the converted. So why not play it for laughs?

That appears to be the rationale behind a brand new advertising campaign launched by a group called the British Columbia Endangered Species Coalition. They've created a series of comic strip

panels for print and television called "When Wildlife Strikes Back!" - the theme of which is: suppose animals started doing to us what we've been doing to them?

One panel shows an orca dumping a barrel of steaming toxic sludge into a kiddie's bathtub.

They poison our water! reads the cutline.

Another shows a BC salmon standing behind a hedge, holding a fishing rod, trolling over a park bench with a donut on his hook as bait. They threaten our populations! it reads below.

Another one shows a mighty cedar thrusting up through a broken sidewalk right in the path of a confused-looking burgher. What do they want? gasps the cutline.

Well, what the BC Coalition wants is to get our attention again. They realize that the silent majority is fed up with loggers screaming at tree huggers and save-the-whale types screaming at fishermen. They also know that because of past tactics, both parties have close to zero credibility with the public. So why not a jokey, absurdist ad campaign that paints the endangered plants and animals as the true villains of the piece?

My favourite: a full-colour panel that shows a bear wearing a hardhat and goggles, ripping into the foundation of a bungalow with a chainsaw. Destroying our habitats! is the caption.

And in that spirit, not to mention in the public interest, I'd like to use this space to pass along a Bear Alert recently issued by the British Columbia Ministry of Natural Resources: In light of the rising frequency of human/grizzly bear conflicts, the government is advising hunters, hikers and fishermen to take extra precautions in the wild, particularly in bear country. We advise everyone in the outdoors to wear little, noise-making bells on their clothing so as to forewarn bears of their presence. We also advise those people to carry at least one canister of pepper spray at all times in case of an encounter with a grizzly. Encounters with black bears are seldom dangerous, so it is a good idea to watch out for fresh signs of bear activity, and to be aware of what type of bear is most likely to be in the vicinity. Accordingly, it is helpful for outdoorsmen to be able to recognize the difference between black bear and grizzly manure, or 'scat'. Black bear scat is smaller and contains a lot of berries and nuts. Grizzly scat has noisy little bells in it and smells like pepper.

Deputy-Clerk and Treasurer jobs filled; architect hired

The Human Resources consultants made their recommendations regarding the appointment of a deputy-Clerk and a Treasurer for the new municipality, beginning in January of 2001.

The consultants recommended Ernie Hills for the Deputy-Clerk position and Mary Jane Irwin for the Treasurer position.

The Transition Board agreed with the recommendations, passing a resolution appointing Hills and Irwin to those jobs.

The next positions to be filled are those of the Public Works Superintendent and the Chief Building Official.

M.B. Finney gets contract

The Snowdon, Lutterworth, Anson, Hindon and Minden (SLAHM) Transition Board Has made the decision to hire an architect to design the renovations

to the municipal office in Minden. After considerable discussion regarding the feasibility of going ahead without a firm commitment of funding from the provincial government, it was decided to hire M.B. Finney of Lindsay to prepare the architectural drawings and oversee the construction. A verbal commitment for funding has been conveyed to the board.

The bid from M.B. Finney was the lower of two received, at \$29,860. Finney's estimated cost of the complete renovations was just over \$305,000.

Lisa Mercer questioned the wisdom of spending \$29,860 when there was no guarantee at this time that the project would actually go ahead as planned.

Jerry Rome noted, "if the verbal commitment is forthcoming, there should be no problem."

Ross Rigney pointed out that by getting the architect working on the plans as soon as possible, it will avoid delaying the project once the funding is received. He added that if, for some unforeseen reason, the Transition Board wouldn't lose the entire \$29,860 since some of that fee is dedicated to on-site supervision of the project.

Minden Weather for July

by Phil Graham

	C	F
Average high	25.2	73.3
Average low	11.1	52.0
Average for July	18.1	64.5
Average for last July	20.8	69.4
Highest temperature July 28	30.0	86.0
Lowest temperature July 19	5.0	41.0
Rain	46.4mm	1.8 in.
Total precipitation	46.4mm	1.8 in.
Total precip. for last July	81.6mm	3.2 in.
River Temperature	23.5	74.4
Days mostly sunny	15	
Days with rain	12	
Days with thunderstorms	3	

There was lots of weather variety in July. The first half of the month was very pleasant — lots of sunny days and not much rain. The next 10 days were not pleasant, with not many summer conditions. The last week of the month we had some summer, with showers and humid conditions.

The average temperature was much cooler than last July. In fact, last July was the warmest in the past 10 years.

The rainfall this July was only half of what it was last July. It seemed like we had a lot of rain, but it came mostly in showers, with no heavy rain storms.

Fire departments should retain point system

(from page 3)

both Departments are on the point system and should remain so. Three, both fire departments have 24-hour insurance coverage. It is recommended this be maintained."

Sanderson also recommended that there be only one Fire Chief for the newly-amalgamated Township, and a Deputy-Chief is recommended for each fire hall. "Three Training Co-ordinators are required at all three fire halls," he continued, "There are minimum requirements for training, it is recommended that this be at least maintained if not improved upon."

"There will be no exchange of the current equipment," said Sanderson. "It is also recommended that all three fire halls maintain their own identity, for fund-raising purposes and the equipment that's owned. There are fire associations such as 'Friends of the Fire Department' that exist. It's very important

that each hall maintain that so they can draw from their immediate area.

"It would be nice if local fire hall activities be sponsored by the township," he said, "but any donations should remain in their specific locale. The Fire Halls would still be owned by the Township, but donations would be designated to each fire hall area."

"Considerable discussion had revolved around the need for a full-time or part-time fire chief, said Sanderson. "We all agree about the need, due to the workload and training, education and fire-prevention. One thing for sure - there will definitely be a need for clerical support for the fire chief."

On behalf of the Sherborne, Stanhope et al Transition Board, Stanhope Reeve Eleanor Harrison will ask for a directive from County Council at its August 23 meeting, regarding the possibility of hiring a county-wide fire chief.

Thursday evenings at the
Minden Ball Diamonds,
starting at 6:30

THEY'RE OFF: More than 400 participants gathered at the gates of Camp Onondaga for the 29th annual running of the year 2000 version of the Heineken Yard. The fastest time for this year's event was 22 minutes and 11 seconds by Fraser Bertram. The top female was Janice Forsyth, with a time of 28:13.

Fraser Bertram sets pace for Heineken Yard

The Heineken Yard 2000 drew more than 400 participants Friday for the run from the front gate of Camp Onondaga to Minden's Main street, a distance of 7.4 kilometres.

Fraser Bertram clocked the fastest time overall at 22 minutes and 11 seconds. He was running in the Open Male 30 to 39 class.

Janice Forsyth was the fastest among the women, finishing the course in 28 minutes and 13 seconds. She was 20th overall and first in the Open Female 20-29 class.

The top three in each class are listed as follows:

Female Under 12

First - Stephanie Smith (34:11); second - Hayley Russell (40:59); third - Alex Meeker (46:54).

Male Under 12

First - Rob Babcock (36:20); second - Evan Hargreaves (38:13); third -

Nicholas Smith (43:27).

Female 12-19

First - Amy Fletcher (33:59); second - Allison Smith (34:28); third - Colleen Nicholson (35:43).

Male 12-19

First - Ian Aseltine (26:11); second - Chris Vadewater (26:52); third - Pete Watson (28:02).

Female 20-29

First - Roxanne Kwon (31:39); second - Sarah Newman (31:42); third - Christine Newman (31:57).

Male 20-29

First - Dave Eaton (24:59); second - Bobby Brodie (25:15); third - Brad Shepherd (26:56).

Female 30-39

First - Margaret Ettorre, second among the women (30:58); second - Leslie Stephenson (31:30); third -

Shelley Ottink (33:16).

Male 30-39

First - Guy Schultz, second overall (24:03); second - Paul Kelly, third overall (24:25); third - Ken MacAlpine, fourth overall (24:58).

Female 40-49

First - Susan Touce, third among the women (31:18); second - Pegi Franklin (33:02); third - Marla McKenzie (33:09).

Male 40-49

First - Fred Robins (26:28); second - John Petrosniak (27:02); third - David Woodford (27:54).

Female 50 and over

First - Jane Boyd (32:57); second - Bonny Ford (40:51); third - Glenna Bayliss (41:04).

Male over 50

First - Mark Smith (28:14); second -

Peter Jeabend (29:26); third - Stephen Walter (30:23).

The honorary starter for the millennium event, the 29th annual Heineken Yard, was Brent "Bear" Walcott, now 48. He was the first winner of the event in 1972 and he won it again the following year. He was the joint winner in 1976 with Ian Sainsbury in a time of 26 minutes flat. That was the first year the competition was open to the public.

Also present at the start were Don and Joan McLeod, founders of the Canadian National Ski Marathon, a 100-mile winter cross country loppet from Montreal to Ottawa. Don placed third in the first public running in 1976.

As an Onondaga staff member over the summers of 1957 to 1959, Don McLeod routinely ran from the camp gate into Minden. Fifteen years later, his training schedule became a legend and inspiration to the staff members, who started the yard in 1972.

Haliburton County is a premier trail destination

Trails and Tours Talk

by Barrie Martin

The Best We Can Be

The Haliburton Highlands Trails and Tours Network is working hard to promote and develop Haliburton County as a premiere trails destination. While we can be proud of the trails we have, there is room for improvement. We would like to see all trails constructed and maintained to the best possible and consistent standards. Having distinctive, high quality trail signage and trailheads is also a goal we are working towards. HHTTN has recently received funding from Human Resources Development Canada to develop a "template" that defines trail signage, infrastructure and construction standards. Local trail owners and managers - trail organizations, government, volunteers and businesses will be encouraged to use this "template" when developing new trails or upgrading existing ones. As a result, trail users will be able to use and enjoy a trail system that is easily identifiable and consistent in design and quality.

Catching the Wave

Recreational use of All Terrain Vehicles (ATVs) in Haliburton County is on the rise. The indicators - more visitors being observed with ATVs, higher retail sales, frequent inquiries (the Chamber of Commerce notes that during the last Toronto Sportsman's Show, questions about ATV opportunities were the most frequently asked questions), and supporting legislation on the horizon. How do we deal with the challenges and opportunities that are associated with this inevitable "wave" of ATV use? To maximize the benefits and minimize the negative impacts, our approach to the ATV phenomena must be planned, organized and timely.

The HHTTN was prepared to facilitate the formation of a new organization that would develop, promote, manage and regulate ATV activity in Haliburton County. In the meantime, the Haliburton County Snowmobile Association (HCSA), after much soul-searching, has decided to take the lead in forming an ATV organization. The first meeting will be held on Wednesday, August 23 at 7:30pm at HCSA's building

in the Haliburton Industrial Park.

The Haliburton Highlands Trails and Tours Network supports and applauds HCSA's initiative and leadership. An ATV organization formed and managed under the auspices of Haliburton County Snowmobile Association, with its years of experience, organizational strengths, and an established trail system, will be more effective sooner in guiding the development of ATV opportunities and addressing critical concerns. The ATV group will also be affiliated with Ontario Federation of All Terrain Vehicle Clubs.

Catching the ATV "wave" represents an opportunity for all trail users. When the time comes to decide what parts of the snowmobile trail system ATVs will use, the snowmobile association has expressed its willingness to consider how other trail uses such as hik-

ing, horseback riding and mountain biking can be accommodated. The Network looks forward to this opportunity to do some strategic long range planning for trails in Haliburton County.

Peddle Pushers

Good news for cyclists! The Haliburton Highlands Trails and Tours Network, with funding from the Heart Connection and input from the Haliburton Easy Ryders is producing a brochure showcasing popular bike routes in the County. Look for the brochure within the next month.

The HHTTN is looking for one or two individuals to serve on the Board of Directors who are willing to represent and be advocates for cycling and mountain biking. It is critical that there be a strong voice for these trail activities when we plan future trail development in the County and to lobby for bike lanes along roadways. If you are interested please contact Rachel Gillooly, HHTTN's Trails and Tours Coordinator.

Vista View

Get a new outlook on life at a new lookout on the Frost Centre's hiking trails. John Etches, an educator,

on staff at the Centre has developed a new loop, the Vista Trail, which is 1.4 km in length and can be accessed from the Steep Rock Trail. The total trip length is 4.7 km, about 3 hours for the average hiker.

John notes: "On the Vista Trail is a lookout with a spectacular view of Lake St. Nora and Kushog Lake. Our historical fire tower is part of the panorama. You won't be disappointed".

The Frost Centre's hiking trails - 9.5 km in total - are open to the public year round for hiking and snowshoeing. For more information contact the Centre by phone 705-766-2451, email frostcentre@mnr.gov.on.ca or website www.frostcentre.on.ca.

More info?

Lawn bowlers bid farewell to Tom Hurtta

by JC Hindle

The Minden Indoor Lawn Bowling Club has learned that Tom Hurtta will be moving to the east coast to be with his family. Tom has been an avid member of both the lawn bowling and curling clubs for many years. He will be missed by his many friends.

Although he is more than 90 years young, Tom successfully underwent a heart bypass operation recently, but his doctors and family have persuaded him to take life easy. So, bon voyage Tom, and may you have many more carefree years.

We notice in the newspapers that a recent survey by Fleming Data Research for the Haliburton County Development Corporation, has predicted that the "baby boomers" will be retiring in the next 10 years and will be looking north for their permanent retirement homes. Haliburton County should be planning now to entice these baby boomer retirees to our area. Our club would be pleased to assist in any way to advertise our many sports activities. We are proud to have the only lawn bowling club in the area that has utilized the ice surface of the Minden Curling Club for the summer months, thus eliminating the problem of insects and inclement weather.

We would welcome anyone who has bowled be-

fore or is interested in lawn bowling, to contact Gerry Ryan at 286-3757 for further details.

Results of the games played during the week of July 24:

Monday, July 24, 10 a.m.

Joan Mackenzie 10, Jim Hindle 6
Ross Farr 12, Gala Heal 7

Howie Ryan 14, Laurel Tompkins 5
Eleanor Young 15, Ross Farr 7

Wednesday, July 26, 10:30 a.m.

Howie Ryan 10, Joan Mackenzie 7
Gala Heal 11, Jim Hindle 11

Thursday, July 27, 7 p.m.

Irene Fuhr 12, Eleanor Young 11
Joyce Hills 12, Lorraine King 4

FREE RIDE: This young participant in the Heineken Yard took in the sights from a comfortable position. More than 400 took part in this year's run from the gates of Camp Onondaga to Minden's Main Street.

Telephone application for antlerless deer tag draw reopened for three days

The telephone application system for deer hunters who wish to purchase a deer licence and enter the antlerless draw will reopen from Tuesday, August 8, to Thursday, August 10, 2000, to provide additional time for deer hunters to make their applications.

The three days have been added because a power interruption during a thunderstorm made the phone system unavailable just prior to the original July 31 deadline. This prevented a number of hunters from entering the draw.

From 12:01 a.m. on August 8, until 11:55 p.m. on August 10, deer hunters will be able to purchase their deer licence and enter the antlerless draw 24 hours a day by calling 1-800-288-1155. Applicants will need a valid 15-digit hunting version Outdoors Card number, a Visa or MasterCard number, choices of Wildlife Management Units (WMU) and a touch-tone telephone. The fee, which includes the cost of the deer licence, is \$34.00.

The deadline for paper applications to the 2000 antlerless deer draw was July 31. Paper applications will not be accepted during the additional telephone-entry period.

Meet Darrell Fox

The Rotary Club of Minden and Minden Terry Fox Run Committee are hosting a Dinner Meeting with Terry Fox's brother Darrell on Monday, August 21 at 6:30 p.m. at the PineStone Resort and Conference Centre.

Darrell will speak about the Terry Fox Story and Foundation and recognize 20 years of fund-raising, which has contributed \$220 million for cancer research. Learn about a young man whose dream was to eradicate cancer, a disease which has touched the lives of us all. Hear about the legacy Terry left behind, The Terry Fox Foundation and the determination to realize Terry's goal.

Yes, I would like to meet Darrell Fox at the dinner meeting!

Please mail this form, with your cheque, to The Minden Rotary Club: C/O Mrs. Irene Rahme, RR #3, Minden, ON, KOM 2K0 so it is received by August 11.

Icelandic Monument commemorates early settlement

by Matthew Sittler

Last week, Kinmount Heritage Park played host to the commemoration of an Icelandic Settlement which settled in the Kinmount area during 1874. Commemorated by a monument unveiling, local MPP Chris Hodgson attended along with Halldor Asgrimsson, Iceland's Minister of Foreign Affairs and External Trade, Alda Ireland the Honourary Consul of Iceland in Vancouver and members of the Icelandic National League and the Icelandic Club of Toronto. "I am pleased to be here today as we unveil this important monument," said Hodgson. "It will be a re-

minder, not only of the loss of life suffered in its early days, but also of the bravery of its survivors."

Created by a Canadian Sculptor of Icelandic descent, Gudrun Sigursteinsdottir, the nine-foot high limestone monument is based with plaques which explain the early days of the settlement and struggles which were faced by Icelandic people who worked on the Victoria Railway Company. The project was supported by the Ontario 2000 program through the Minis-

try of Citizenship, Culture and Recreation which seeks to sponsor rural projects that celebrate the millennium.

Monumental Achievement

The Victoria County Railway Company put many Icelandic settlers to work near Kinmount. Poor ventilation, sanitation and diet allowed sickness to rage through their cold, overcrowded quarters resulting in the deaths of twelve children and one teenager. By the spring of 1875, the death toll had doubled and many of the settlers scattered in search of a better life. Most of the settlers regrouped in Toronto and travelled west to found the settlement of Gimli Manitoba.

Hyland Crest Walking tours offer unique glimpse of facilities

by Matthew Sittler

Members of the public who would like to visit the new Minden Hospital and Hyland Crest wing, have a opportunity to do so via walking tours of the facility every Wednesday afternoon at 2:30.

Last week's tour guide, Chairman of the Haliburton Highlands Health Services Foundation Gord Monk, led a group of inquisitive visitors through

the facility's new Hyland Crest wing and fielded questions about the nature of the operation.

"It's going to be tremendous for the nursing staff, and for the patients themselves," said Monk as he showcased many of the rooms.

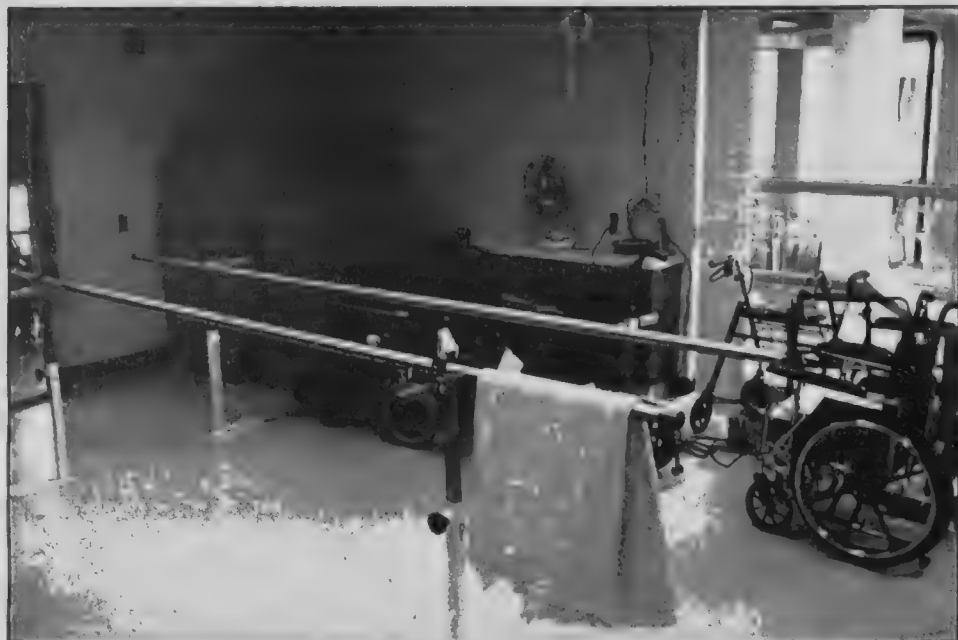

The tour begins in Hyland Crest's main foyer entrance which will soon look into the newly-built Foundation Office, Gift shop and Barber/Beauty Salon, which is already in operation.

Continuing eastward, we pass through the hallway that houses the main office and family lounge. There is even a smoking room for those patients who wish to do so.

From there, a brightly-lit nursing

station, with excellent views down two main corridors which house the patients spacious rooms and a dietary office which is adjacent to an activity

(more on page 16)

Lots of activity

The recreation room at the New Hyland Crest/Minden Hospital site offers space for residents/patients to work out, and enjoy activities during their stay. The site boasts impressive laundry facilities as well.

\$289,000

New Minden hospital/Health Centre provides superior quality of life for patients

(from page 14)

room. A little further down that hall and there is an entrance which provides access to a huge deck area where residents can gather to enjoy the outdoors.

"We're only limited by our own imaginations," said Monk as he explained the many additions to the patients private lives the facility brings.

As the visitors viewed the new hospital from Hyland Crest's outside deck, Monk explained where the ambulance bay, hospital main entrance and future helipad would be. Previously, residents at Hyland Crest Seniors Home would have to have been loaded into ambulances and taken to the existing Minden hospital if they were in need of medical attention.

Now, these same residents can be taken quickly, by elevator, Monk explained.

The hallways are beautifully adorned with rosy walls and plush carpeting. A homey and private atmosphere exists in every area of the tour.

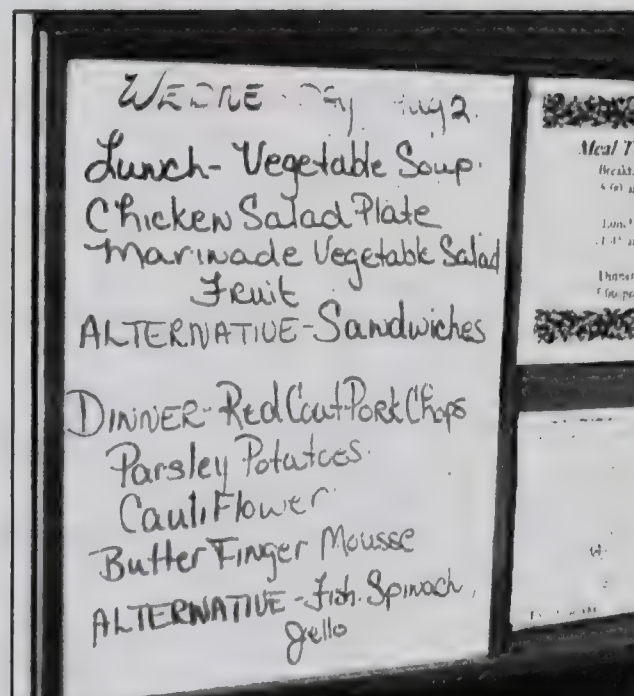

Each of the 62 new, private rooms is equipped with its own washroom, and residents are allowed to bring some of their own furnishings from home. As well, both floors of the new Hyland Crest wing offer large tubs and shower rooms. "Sometimes residents would turn the hot water on inadvertently," says Monk. "This is one of the reasons for these larger rooms which are always supervised." The group visited the main kitchen downstairs as well as its upper-floor counterpart. Both include dining areas with beautiful views.

The upper kitchen boasts a dumbwaiter. "They have really done a great job making this bright and cheery," said Monk. The menus for these areas were mouth-watering.

The official opening of the Hospital facility takes place Friday, September 29 at 3 p.m., but come sooner on a Wednesday afternoon at 2:30 p.m. to become informed about one of this community's newest and brightest proud achievements.

WALKING TOUR: Gord Monk showcases one of two dining halls located in the new Hyland Crest wing in Minden.

Got food on your mind?

Just one of the delightful menus offered to residents of the new Hyland Crest wing. The new facility in Minden can be viewed on walking tours every Wednesday at 2:30 p.m.

Don't drink untreated river water!**Minden couple surprised to learn of river E coli levels**

by Matthew Sittler

If you've been drawing your drinking water from the Gull River and you respect your health, you'd better stop. One Minden couple, Ernie and Margaret Stromberg of Country Lane, just off Deep Bay Road, learned this the hard way when they received an 'Unsafe to Drink' notice from the Public Health Laboratory in Peterborough.

The couple had experienced health concerns recently, and upon the advice of a friend, had their tap water, which is drawn from the Gull River tested. The test came back reading 80 total coliform and 2 E.Coli per 100 ml of water.

"I've used a Brita-Filter for years," says Margaret Stromberg. "And we have no other means of getting water because we can't afford to get a well dug."

The Strombergs say they were advised by a public health official to purchase an ultra-violet device which would purify the water, if they wanted to be 100 per cent sure, but found out the device cost a minimum of \$325.

"There's no way we can afford to get something like that," says Marg. "So we were then told to bring the water to a rolling boil for one minute, then toss it from pan to pan to pan, which I've started now to do."

According to Certified Public Health Nurse Frances Studholme at the Haliburton, Kawartha and Pine Ridge District Health Unit, the count received by the Strombergs is indicative of normal surface water levels to be found within the untreated water of the rivers and lakes. "You can expect to get such a count because it's surface water," said Studholme. Common sense dictates that no-one should be drinking untreated surface water. Yet the Strombergs, who have been drinking it with the aid of a Brita filter for the past five years, say they were never informed of this fact and had had no ill effects until they watched several of their animals becoming sick.

In a pamphlet released by the Haliburton, Kawartha and Pine Ridge District Health Unit entitled: "Important Reminders about Water Testing, it

states: "Water from an untreated lake, spring or stream (surface water) can not be tested."

This is something anyone considering drawing drinking water from any lake, river or stream should know.

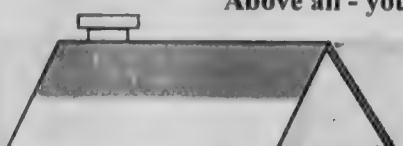

Ernie and Margaret Stromberg of Country Lane, Minden had their drinking water which they've drawn from the Gull River for the past five years tested recently. The couple was surprised to learn of the high bacteria count of the water.

Pickin' and Grinnin'

The Grandfathers were the featured entertainment at the weekly Music By The Gull on Friday, July 28. Their down home style of pickin' and grinnin' kept an appreciative crowd tapping its toes and clapping its hands as the local entertainers belted out the tunes. Music By The Gull is held every Friday evening on South Water Street between the Post Office and the corner of Main Street, weather permitting.

Business Profile

Riverview Furniture - meeting the needs of the community for 21 years

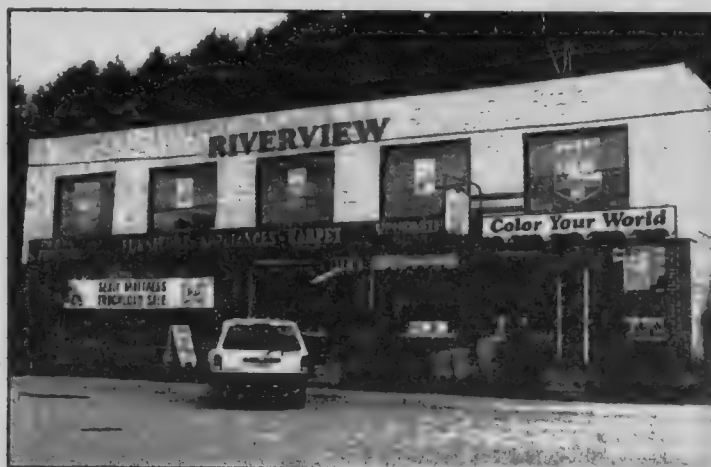

When two young brothers decided to start a business together, little did they know their business would not only continue to prosper and grow but, some 21 years later be ranked among the larger and more successful in the area.

The two brothers are Craig and Derrick Box, owners of Minden Upholstery, Riverview Furniture and Color Your World, all of which are located on Minden's Main Street.

The adventure began in 1979 when the Box brothers moved to the area from Scarborough and opened Minden Upholstery. In 1980, recognizing a need for a furniture store, the business was expanded to include Riverview Furniture.

Over the year the success of the business continued and in 1981 Craig and Derrick moved Riverview Furniture to Minden's Main Street (in the building now occupied by Vasey Insurance) and added the sale of mattresses and carpets.

By 1983 the need to expand further became evident so when the former Pro-Hardware building was offered for sale, they made the purchase and moved the business to its new and present location on Main Street. The larger building allowed the inclusion of appliances, home electronics, blinds and an expanded choice of furniture.

In 1988 an addition was built onto the side of the existing building, a carpet warehouse added and a second story created. It was at this time Color Your World became a part of the growing business.

With an idea to create their very own line of furniture, Derrick and Craig began manufacturing pine living room suites in 1996. This new business adventure offered customers sets consisting of a matching sofa, love-seat, chair, coffee table and two end tables in a choice of hundreds of fabric patterns and colours. This latest endeavor once again proved successful and today the line has been expanded to include entertainment centres, book shelves, bunk beds and harvest tables.

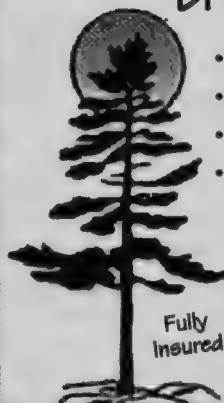

The success story continues with the purchase of a storage facility next to the Community Police building on Main Street in 1999 and the building next door to Riverview in 2000. This retail space will open soon as a carpet, vinyl and laminate flooring showroom where customers will be able to make their selection from full rolls of carpet and vinyl and other in-stock flooring.

Today the business occupies nearly 10,000 square feet of showroom, warehouse and storage space and during peak season provides employment for 13 area residents.

Craig and Derrick believe the success of their business is based on selection, competitive pricing, customer service and the loyal patronage of their many customers. They invite you to stop in and have a look around. They will be pleased to assist you with your home furnishing and decorating needs.

This is an advertising feature of The Times of Minden. To have your business featured call 286-1288.

Have you ever made any of these statements?

- Don't play under that dead tree, it's not safe!
- Selective pruning would sure improve our view of the lake.
- Those dead limbs sure look dangerous!

Selection of Handcrafted Pine & Oak Furniture

Limited edition prints will cost \$150

(from page 22)

edition prints of the artwork will be available for purchase at the Ethel Curry Gallery in Haliburton Village. Each print will cost \$150, which will go to the Haliburton Highlands Health Services Foundation to help fund construction at the Haliburton and Minden hospital sites.

"Our sons Josh and Dan were born there," says Risk, offering part of his explanation for the donation. "It's one way to give back to the community. Life is very precious and taken for granted, so it's really there to reach people."

Members of the public wanting to purchase a print can do so by visiting the Ethel Curry gallery or by placing an order by phone after the 28th of July.

The painting captures the smooth and tranquil ambience of the Haliburton Highlands. Risk was inspired by a variety of local scenes.

Parker Pad and Printing has donated half those

prints to the cause. The original painting will be on temporary display at Minden's Hyland Crest Hospital site this fall.

"Hopefully, it will appeal to a wide-array of people," continues the wildlife artist, who says he heard the call of the loon as his son was being born at the hospital many years ago.

"The original painting's permanent home will be at the Haliburton site," he continues, "Home is where the heart is."

PUBLIC INFORMATION CENTRE HIGHWAY 35 IMPROVEMENTS

Morrison Hershfield Limited has been retained by the Ministry of Transportation to complete the Detail Design for Highway 35 from the Victoria/Haliburton County boundary, northerly for 8.1 kilometres to Miner's Bay (W.P. 358-97-00).

Various options are being considered to upgrade Highway 35 to increase capacity and improve safety including:

- Construct 2 new passing lanes;
- Widen the shoulders;
- Improve roadside drainage;
- Resurface the highway;
- Correct areas of frost heaves;
- Establish a full clear zone within the right-of-way by widening rock cuts and removing vegetation; and
- Construct left turn lanes at three locations into the Moore Lake Estates Road;

A Public Information Centre is being held:

Saturday, August 12th, 2000
10:00 a.m. to 2:00 p.m.
Recreation Hall at the Miners' Bay Lodge,
Miners' Bay, Ontario.

Ministry of Transportation and Consultant staff will be available to answer questions and receive your comments.

We are interested in hearing any comments or concerns that you may have with the study. If you cannot attend or wish additional information, please contact:

Proposal for an Ontario Fishery Regulation Change under the Fisheries Act: Drag River and Head Lake - in Dysart Township in the Village of Haliburton

The Drag River in Haliburton and the West End of Head Lake have been documented as the only significant spawning sites for walleye in the Kashagawigamog Chain of Lakes. Each spring hundreds of walleye travel from throughout this lake system and make their way to Head Lake. Some of these fish spawn in Head Lake under the HWY 121 bridge, but most travel up the Drag River and spawn on rock rubble shoals built by community volunteers.

There is considerable social concern that local stewardship efforts to rehabilitate the Drag River could be compromised if prespawn walleye are targeted and harvested in Head Lake. Although angling is not considered a threat to sustainability at this time, it is critical that in order to sustain this resource and protect stewardship investments that we move forward to provide further protection for the spawning adults.

The Ministry of Natural Resources (MNR) would like to support the Community's effort to provide additional protection for this valuable resource. In consultation with the Municipality of Dysart, Haliburton County Council, Minden Area Fish and Wildlife Committee, Haliburton Highlands Outdoors Association, Drag River Rehabilitation Committee and the Ontario Federation of Anglers and Hunters (Zone E) - the following regulation changes are proposed for 2001:

1. Increase the size of the existing sanctuary on the Drag River, in the village of Haliburton, to include all the waters of Head Lake. The present sanctuary would be extended from the mouth of the Drag River west to the HWY 121 bridge and include the waters immediately under the bridge.
2. Close the fishing season for all species on Head Lake and the Drag River starting on March 15 and ending when the regular walleye season begins on the third Saturday in May.

The MNR would like to get Minister's approval on these regulation changes this fall, but before we proceed we would like to hear from you. If you support this proposal or have any concerns or issues about these proposed regulation changes please give the Minden MNR Office a call, or send us a letter before Sept 1, 2000.

Plenty to do at Minden Legion

Bonjour,

Hi everyone! August is upon us and we still haven't had much of a summer yet. We hope this month will offer us some redemption.

Some coming events are the County Fair and Parade on August 19 and 20. Also on the 19th we have our monthly Trunk Sale in the Legion parking lot. For more information call our Legion at 286-4542.

Some people have been inquiring about the yellow and white lines painted on the newly paved South Water St. in the village. They're all sure the painter had to have been into the bubbly - "Agreed."

Bev Johnson's Big Buck Euchre is a go on Sunday, August 13, starting at 1 p.m.

We lost a wonderful member a while ago. So a lot of his many friends have organized the first Annual Lloyd (Snuffy) McKnight open dart tournament for teams and doubles, to be held on August 20. Sign in is from 11 a.m. to 11:45 a.m. The tournament starts at noon and the entry fee is \$30 per team. All the proceeds go to the Legion's maintenance.

Wednesday, August 16 is our monthly Trivia Fun Night at 7:30. This is for everyone and we do have a lot of fun. Come out and have a good evening.

All of our many activities are going strong, such as cribbage, euchre and especially darts, at their usual times.

Toronto Secrets

Did you know that Toronto residents are prohib-

ited from keeping pet elephants? City animal officials found it necessary because of problems in the past with people offering roadside rides on the animals, at a price. Council made the bi-law amendment in February of 1999.

Don't forget our weekly meat draws are held every Wednesday, starting at noon. Get out early for a good seat.

Just for laughs

For more than an hour, the scrawny guy had sat at a bar staring down into his glass. Suddenly a burly truck driver loped across the

room, sat down next to him and drank the guys drink. The poor fellow burst out crying.

"Oh come on pal", the trucker said. "I was just joking. Here, I'll buy you another drink."

"No that's not it," the man replied. "This is the worst day of my life. I over-slept, was late for work and got fired. When I left the office I found that my car had been stolen. I hailed a cab to go home but realized I had left my wallet at home. So I walked the six miles home. Then I found my wife in bed with our neighbour. So I grabbed my wallet and came here. And just when I was thinking about putting an end to my life," the guy sighed, "you show up and drink my poison."

That's it for this time,
Thanks a lot.

NOTICE IS HEREBY GIVEN pursuant to Section
300(1)(a) of the Municipal Act, R.S.O. 1990, as amended,
that the Council of the Corporation of the Townships of
Anson, Hindon and Minden proposes to consider, and if
deemed advisable, to pass at its regular meeting to be held
in the Municipal Council Chambers on Milne Street,
Minden, Ontario, on August 24th, 2000 at the hour of 7:30
p.m., a by-law to stop up, close and convey those parcels
of land more particularly described as follows:-

A portion of the original allowance for road, along the
shore of Bob Lake, being Part of Lot 10, Concession 3,
designated as Part 1, on a Preliminary Plan of Survey,
prepared by Harry Curry Bishop Limited, Ontario Land
Surveyors, dated January 14, 2000.

The plan of survey is available for inspection in the
Municipal Office, at Minden, Ontario during regular office
hours.

AND FURTHER TAKE NOTICE that before
passing the said by-law at the meeting to be held at the time
and place above-mentioned, the Council shall then and
there, hear in person or by his or her counsel, solicitor or
agent, any person who claims that his or her land will be
prejudicially affected by the said by-law and who applies
to be heard.

DATED AT THE Township of Minden, this 18th
day of July, 2000.

Tammy McKelvey, A.M.C.T.,
Clerk-Treasurer,
P.O. Box 359, 7 Milne Street,

Seniors enjoy canine visit

Hi everyone, we're back again. Sheila is not able to be with us today and we want to send a message to her. Sheila, we hope you're feeling better and soon on the mend, don't forget we need and love you so take care.

We have lots of news to share with you from Hyland Crest. The tea Party on Thursday, July 27 was hosted by Carnarvon UCW. It was our monthly Birthday Tea and we celebrated all our residents' birthdays for July with delicious goodies and a scrumptious birthday cake. Adding to our delight, Jack and Ruth were here with a friend to entertain us with wonderful music and song. Thank you all for sharing the afternoon with us, we truly appreciate it.

On Friday, July 28, we had our regular exercise program on the upper and lower levels and later in the afternoon we much enjoyed the Grandfathers at Happy Hour. Once again you provided us with a wonderful afternoon of entertainment, thank you.

The weekend was fairly quiet. Some of us had our nails done and after lunch we enjoyed Burt Bonnell playing the piano along with a little singsong. We were also treated with strawberry ice cream cones. Thank you Burt. We always look forward to your visits.

Sunday the treat wagon made the rounds as usual and in the afternoon we had a wonderful surprise. We are happy to have Reverend Burgess back visiting again. We have missed his weekly visits, along with his loving thoughts and prayers.

On Monday, July 31, we were put through our paces with our regular exercise program and after lunch we enjoyed a game of bingo. Thank you Pearl for making this possible. Later on in the evening the card sharks gathered for their regular game of cards and we would like to thank Corinne and Sheila for their help.

Tuesday morning Chapel was held by Reverend Wicks and we all gathered for the memorial service held for Grace Atkinson. Prayer Friends was also held on the upper and lower level for those unable to at-

tend Chapel. After lunch we had our craft group with Brenda and Dana helping us make place mats for an impromptu event.

Wednesday, we were pleasantly surprised with two furry friends visiting. One was GIGANTIC (we kid you not!) it was an Irish Wolfhound and it was at least the size of a small pony. The other was an English border collie. These wonderful pets will be visiting us on a regular basis.

Last night Wednesday, August 3 we had a great time as usual with our faithful friends, the Norland Hillbillies and Jean Boyce's wonderful piano playing, thank you one and all for a fun time.

We are glad to have Ed McKelvey back home with us, we wish him well and our thoughts are with Rick Edwards who is still in hospital.

Nellie Ranson was just sharing with us how she has enjoyed having her granddaughter Lisa, who lives in Nova Scotia, visiting with her and on Sunday. She had supper with her daughter-in-law and her two grandchildren.

Nellie and Roy are very pleased with all the landscaping and say it is a joy to look out their bedroom windows.

As we sign off we would like to say how much we enjoy Brenda bringing in her two wee ones for us to visit with and hold, there is nothing so precious as a child.

Bye for now and we shall leave off with this: "The capacity to care is the thing that gives life its deepest meaning and significance," Pablo Casals.

THE CORPORATION OF THE TOWNSHIP OF LUTTERWORTH

PUBLIC NOTICE

File # SR-20/98

Take Notice that the Council of the Municipal Corporation of the Township of Lutterworth, proposes to enact a by-law to stop up, close and convey to the abutting property owner a portion of the original allowance for road set out and described as follows:

Firstly: ALL and singular those certain parcels or tracts of land and premises situate, lying and being in the Township of Lutterworth, in the County of Haliburton and being composed of part of the original sixty-six foot shore road allowance along the shore of Gull Lake, lying in front of Part of Lot 20, Concession 9, and being more particularly described as Parts 2 and 3 on a Plan deposited in the Registry Office for the Registry Division of the County of Haliburton as Plan 19R-6868.

The Proposed By-Law will come before the said Council for consideration at its Regular Meeting at the Municipal Office, located three miles south of Minden on Highway #35, on the 24th day of August, 2000, at the hour of 7:00 p.m. and at that time, the Council will hear in person or by his or her counsel, solicitor or agent any person who claims that his or her land will be prejudicially affected and who applies to be heard.

Dated at the Township of Lutterworth this 31st day of July, 2000.

Around the County Town

by Nora Snyder (call 286-4450; email <mindenhouse@on.aibn.com>)

Another week of opposites. Of course the most obvious element was the rain. So much falling in the midst of the additional heavy humidity. I saw on a TV report that Bracebridge had 200 millimetres in one day, compared to 30 somewhere else on the same day. On the other hand, we are certainly in the midst of intense summer visitor time. Business people are busy. I heard a shop owner say that he had the best July ever and August is starting out with a big bang. Of course rain helps shopping! Cottagers are known to get cabin fever if stuck inside too long!

I have noticed some much-appreciated improvements around town. The building which houses 'What the Sam Hill' and the 'Minden Book Store' looks great with its new coat of paint. (I just happen to know the painter if anyone is interested!) It is amazing how fresh paint lifts the spirits. I know because I painted most of my home over the winter and spring and my spirits are lifted! Ron Gambell's new cedar fence, lined with old wagon wheels, is a wonderful new asset to his property. The garden around the front of the Post Office is quite spectacular. There is a yellow flower growing there I have never seen before and no one I have talked to seems to know what it is either. Could anyone inform me? I don't know who plants and tends these gardens but he/she is doing a marvellous job dressing Minden up. What a fabulous idea! Probably a timely idea too, as it sounds like our area is in for a time of growth and we will want to attract new citizens to our community with our appealing environment.

At the same time, losing valued members of our community is difficult; this time in the person of Sinc Nesbitt has created a large void in our town. It was interesting reading about his huge contributions and his other interests, especially his love of his horses. My condolences to his family and many friends.

The yin and the yang continues to produce its balancing effect in our town. We find our way among it all. Life happens. I hope you all had a enjoyable Civic long week-end, smack-dab in the middle of our summer.

I so enjoyed the '2000 Fibres Show' on the last weekend of July. I am always inspired by the talents of so many of our citizens and the folks who come from afar with their creations and the talent and energy of those who put it on; namely the Minden museum people, Linda Lickiss, Dianne Graham and others. Those of you who have these skills must love this show. I don't have the skills but I sure appreciate it!

Another reminder to visit another talented group, the members of the Minden and District Horticultural Society, putting on their show, '2000, What A Wonderful World', at the Minden Community Centre on Thursday, August 10 from 7 to 9:30 p.m. and on Friday, August 11 from 10 a.m. to 2:30 p.m. There will be beautiful flowers, tantalizing 'veggie' entries, pressed and dried flowers; all showcasing the talents of these very talented horticulturalists. Tea will also be served. Cost is \$3 per ticket and children under 12 are free.

Wishing everyone a pleasurable week in all your many pursuits.

Scoring news

Thursday, July 27: Euchre at the Minden Legion. Marie Dennie and Ed Hisson each won most lone hands. Verna McDonald and Roy McDonald won the high scores with Ethel Baker and Harvey Bunker winning the lows. Ben Denhold and Georgina Parkes each won another prize.

Friday, July 28: Duplicate Bridge at Echo Hills in Haliburton. North/south winners were, in first, with 58 per cent, Almarie and Vincent Fahay, and in second, with 57 per cent, Norma Crewson and Vic Matthews. In East/ West, in first, with 57 per cent, Joyce Burtch and Lourene Scott. In second, with 54 per cent, Marianne and Marcel Hone.

Bid Euchre at Club 35. Lots of moonshots -- going to Stan Cline, Tom Orr, Kate Cline, Rob Evans, Marion Farr, Peggy Awde, Sharon Evans and Wally Thomson. High 'pinks' were Maisie McCrone, 307; Kate Cline, 296; and Grace Smyth, 288. High 'whites' were Pat Scadden, 308; Chris Clarke, 277; and Dick Vaughan, 275. Tom Orr and Jeanne Penick each found a hidden score.

Monday, July 31: Euchre at the Friendship Club at St. Paul's in Minden. Ellie Langpohl won lone hands. Gladys Wruth and Betty Sharpe won the high scores and Jeanne Keliele and Doreen Sandala took the lows. Irene Fuhr and Bill Mosley won the draws.

Bid Euchre at the Kinmount Legion. Jim Corbett and Dorothy McElwain were the two top scorers. Sandy Robertson won the draw.

Cribbage in the evening at the Minden Legion. Pat Scadden and Maxine Cross were the winners. Ed Hisson, Verna McDonald, Gladys Wruth and Jean Scadden won the draws.

Euchre at Club 35 in the evening. Dorothy Walters won the 50/50 draw. Mary Schad won lone hands. Gayle McConnell and Scott Pettipiere were the 'toppers' and Sally Rose and Wally Harpur were the 'bottomers'. Gayle McConnell also won the baloney. Two special awards that evening went to Mary Schad and Wally Harpur.

Tuesday, August 1: Bid euchre for Seniors at the Minden Legion. The winners were Gala Stamp, Pat Scadden, Helen Henderson and Ellie Langpohl. There was no hidden score as there were so many moonshots, in the persons of Ida Young, Ann Baker, Thelma Francis, Helen Henderson, Norm Lee and Gala Stamp.

Contract Bridge at Stanhope. It must first be expressed that all the bridge players send their heartfelt condolences to Vange Croucher on the loss of her husband Jack. Jack and Vange together, ran this bridge group for ten years and their efforts were very much appreciated. Jack will be greatly missed. The day went on with good bridge in Jack's honour. One slam was bid and made by Muriel McIntosh and Wynne Hansen. Two special awards were handed out. The TGGA (The Green Grape Award) was won by Earl Haynes and the other, the RPHA (Remember Pearl Harbour Award) was won by Mrs. Jim Foster. Muriel McIntosh was top scorer with 6410, followed by Ross Fletcher with 5360, Betty Dicker with 5310, and Harold Cox with 5210.

Wednesday, August 2: Duplicate Bridge at Parklane. North/south saw Almarie and Vincent Fahay take first with 60 per cent and Ross Fletcher and Muriel McIntosh second with 57 per cent. In east/west Marianne and Marcel Hone were first with 55 per cent and Mayme Douglas and Vera Carnochan were second with 54 per cent.

Euchre at the Kinmount Legion. A tie for high

woman went to Nora Swinson and Isa Hilyer. High man was Truman McNeil. Another tie for low man went to Bill Sanford and Bob Vick. Women's low went to Joan Taylor. Nora Swinson won the 50/50 draw and Ted Wilkins took lone hands.

Stanhope Bid Euchre. A field full of moonshots -- Sharon Evans, Ken Stiver, Al Whyman, Wally Thomson, Maxine Thomson, Margaret Fletcher, Sally Cole each caught one and Ray Moore caught two! High scoring went to 'Henny' 251, Al Whyman and Katie Parker tied with 258, Milt Fletcher, 269 and to Vicki Campagnolo, the highest score ever recorded at Stanhope, 353!

Another week - another dollar, so to speak. Have another good one.

from

Jim, Laura, Marjorie,

Harry & Grandma

Also Happy Birthday

to Anne.

PERSONALS

Prayer of the Blessed Virgin -

Oh most beautiful flower of Mount

Carmel, Fruitful Vine, Splendour

of Heaven. Blessed Mother of the

Son of God, Immaculate Virgin,

assist me in my necessity. Oh Star

of the Sea, help me and show me

here you are my Mother. Oh Holy

Mary, Mother of God, Queen of

Heaven & Earth, I humbly be-

sech you, from the bottom of my

heart, to succor me in my neces-

sity (make request). There are

none that can withstand your

power, Oh Mary, conceived with-

out sin, pray for us who have

recourse to thee (3 times), Holy

Mary, I place this prayer in your

hands (3 times). Say this prayer

for three consecutive days and

then you must publish and it will

be granted to you.

Have a
Great Day

CARDS OF THANKS

For my 80th Birthday Celebra-
tion - I wish to thank my wife
Lolly, my family Ross and
Carolyn, Carole and Bob, Trevor
and Kirsti and Grandchildren,
my brothers Hugh and David
and families and the many friends
from near and far who dropped in
at Trevor's and Kirsti's home on
Lake Boskung July 22 to cel-
ebrate this milestone in my life. I
am very grateful to you all.
Trevor Pawson.

Sincere thanks to my many
friends who have sent so many
lovely cards, to Deacon U.C.
minister in Toronto, Rev. Jim
and Cathy Bushell, Fern, Ian
Daniel, Pat Bradburn and family
who visited me. The staff and
nurses at Lyndhurst who look
after me so well. The meals are so
good. Thanks to Deb who looks
after all my affairs. I expect to be
home in another month or so.
Helen Cox.

CARDS OF THANKS

The family of the late Corinne
Bonneville wish to thank our
family, friends, neighbours and
Comrades from the Legion for
their kind words and expressions
of sympathy. The food left at our
home and the messages were
very much appreciated. The Cel-
ebration of Her Life Memorial at
Our Lady of Fatima was a beau-
tiful tribute to a remarkable
woman. The services by Father
William Fillion assisted by L.
Deschane and special tribute by
Paul Arsenault will be remem-
bered for a long time by the fam-
ily and friends that attended. I
would personally like to thank
my husband, my son and my two
daughters for all they did. A very
special thank you to Meg who
wrote a moving tribute to her
great-grandmother. I would also
like to thank all my family and
friends who have helped me in so
many ways over the years.
Thanks to Monk Funeral Home
for taking care of all the funeral
arrangements especially Gord
Monk and Barry Cray for their
special words at the cemetery.
One last thank you to Linda
Robertson of Hyland Crest for
arranging the memorial service at
the Home for the many residents
who have become friends over
the years. It is a good thing there
are so many caring people look-
ing after our loved ones when
they can no longer be taken care
of at home.
My sincere gratitude to all.
Corinne & Family.

AT REST

GRANT, Doris Vera

Suddenly in Toronto on July 28th, 2000. Doris Grant of Belleville in her 79th year. Beloved wife of the late James Grant, sister of Jack Vickery of Toronto. Loving mother to Vicki (Niblett) of Frankford, Linda (Smith) of Toronto and Bob Grant of Toronto. Beloved grandmother of Peter Niblett, Frankford and Gregory and Jessica Smith, Toronto. Affectionately remembered by sons-in-law Mark Niblett and Bill Smith and daughter-in-law Lan Smythe. Visitation was held at Eastminster United Church, 432 Bridge Street East, Belleville on Thursday, August 3rd at 1 p.m. with a Memorial Service at 2 p.m. A reception at the church followed. Interment in Minden, Ontario August 4, 2000. Donations to the Heart & Stroke Foundation of the Cancer Society would be appreciated by the family. Burke Funeral Home, (613-968-6968) 150 Church Street, Belleville.

COOPER James B. (Jim)

Went to be with his Lord, at his Beech Lake home on Thursday, August 3, 2000 in his 81st year. Beloved husband of Doris (nee Cowen). Loving father of Mary (predeceased) and her husband Ken Wilson, Lynda and her husband Jack Brohm, Terry and her husband Garry Lonsberry, Judy and her husband Neil McKenna, Wanda Bates and Dan Gerard. Loving grandfather of Shelley (John), Michael (Ruth Ann), Gina, Dean, Lisa (Troy), Jamie (Kristina), Steven (Tara), Kirstyn, Travis, Sarah, Danielle and great granddaughters Alicia and Emily. Survived by his brother Basle, sister Lorna Stackhouse and predeceased by Trevor and Leona Barry. Friends were invited to visit the family at the Gordon A. Monk Funeral Home, 127 Main Street, Minden, K0M 2K0 (1-888-588-5777) from 7-9 p.m. on Saturday and from 2-4 and 7-9 p.m. on Sunday. Then to West Guilford Gospel Chapel for Funeral Service on Monday, August 7th, 2000 at 1 p.m. Interment Maple Lake United Church Cemetery. Reception followed at the West Guilford Community Centre. Memorial Donations to the Gideon Bibles or to the Haliburton Highlands Health Services Foundation (H.H.H.S.F.) would be appreciated by the family.

IN MEMORIAM

a dear Dad and Grandpa, James W. Dugan, who left this life August 6, 1998.
*Dad is such a special word
A word that brings to mind
A big, warm smile, a helping hand
A way of being kind.
Devotion to the family
A word of patience too,
"Dad" is such a special word
Because it stand for "You".
Dearest still as the years depart
He lives forever in our hearts.
Forever loved and remembered by Yvonne, Mike and Family.*

WILLIS, James L. (Jim) - In loving memory of a wonderful Husband, Father and Poppa who passed away August 9, 1999.
*He had a sense of humour
And a sparkle in his eye.
A helping hand in times of need
On that you could rely.
Maybe we can't touch his hand
Or see his smiling face,
Maybe we can't hear his voice
Or feel his warm embrace.
But something we will always have
Tucked safely in our hearts,
Our love for him, his love for us,
Will never let us part.
Always loved and never forgotten by wife Isabel, daughter Janet, son-in-law Rolf and grandchildren Stephen and Julie-Ann.*

IN MEMORIAM

MULDER - In loving memory of my husband John who passed away August 8, 1998.
*When ties of love are broken
And loved ones have to part,
It leaves a wound that never heals
An ever aching heart.
Though absent, you are ever near,
Still loved and missed and very dear,
There is a link death cannot sever,
Love and remembrance last forever.
Sadly missed, Evelyn.*
DUGAN - In loving memory of
